

## **PRESS RELEASE – ECO-EXPLORERS SCAVENGER HUNT**

Dear Adventure Enthusiasts,

Get ready to embark on a journey like no other with Policy Forum Guyana's Earth Hour Scavenger Hunt - Eco Explorers! This isn't just any scavenger hunt; it's a thrilling adventure designed to deepen participants' understanding of sustainable practices while igniting their passion for exploration.

Our mission is simple yet profound: to combine the excitement of a scavenger hunt with the educational opportunity to foster awareness about sustainable development. By encouraging participants to explore their community with an environmentally conscious mindset, we aim to empower youth to become champions of sustainability.

Join us on March 23, 2024, at 16:00 hrs, at the stunning National Park, as we actively engage youth in the WWF-Guianas 2024 Earth Hour celebration. This event isn't just about fun and games; it's about aligning our exploration with the broader global initiative to protect our planet.

Through hands-on experiences and challenges, participants will not only learn about sustainable practices but also contribute to a meaningful Earth Hour celebration. Together, we'll discover and promote eco-friendly initiatives within our local community, making a tangible difference in the world around us.

So, gather your squad of five fearless members and join us for an unforgettable adventure! Spaces are limited, so don't miss out on the chance to unleash your inner explorer and make a lasting impact.
